Important Provider Notice #46

Subject: HIPAA EDI 5010 Migration Second Notice

On or after January 1, 2012, Partnership Healthplan of California (PHC) will **not** accept the 4010 electronic claims format. This means that if you or your billing service submits an electronic claim to PHC that does not conform to the new ANSI X12 HIPAA compliant 5010 format, the claim file will not be accepted and will be returned to you unprocessed. It is your responsibility to ensure that you or your billing service will be able to transmit electronic claims in the HIPAA compliant 5010 format on January 1st, 2012.

Please see Important Provider Notice #45 dated September 7, 2011 on the back of this notice, and on our web site at <http://www.partnershiphp.org> for more detailed information on 5010 requirements and testing.
