

Northern Region Managing Pain Safely Forum

This is an opportunity for providers, prescribers, quality leaders and staff to learn how others in our communities are managing to balance the use of opioids for healing, while avoiding harm.

The forum features a full schedule of topics, addressing many aspects of opioid use, including:

- Opioid Use in Northern California
- Prescribing Trends
- Strategies for Opioid use and Tapering
- Successful Patient Conversations
- Community Approaches to Opioid Misuse & Abuse
