Peer Sharing Webinar: Pain Management Oversight Committee

Date: June 16, 2015

Presenters:

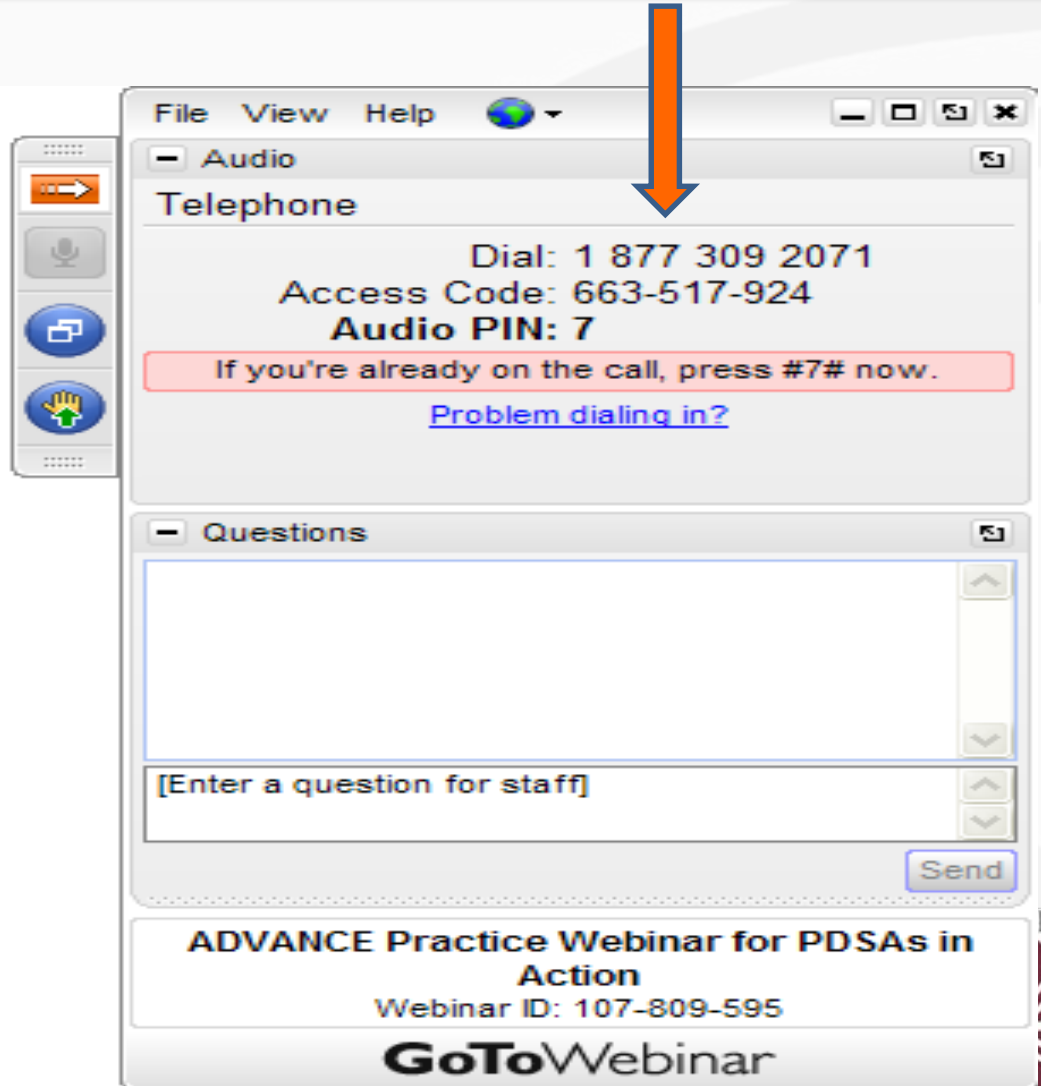

Dr. Robert Moore, Partnership HealthPlan of California

Dr. Jennifer Wilson, Clinic Ole

Dr. David Canton, Shasta Community Health Center

Audio Instructions

To avoid echoes and feedback, we request that you **use the telephone** *instead* of your computer microphone for listening/talking during the webinar.

The screenshot shows a web browser window displaying the GoToWebinar audio interface. An orange arrow points to the 'Telephone' section. The interface includes a sidebar with icons for microphone, chat, and help. The main content area is divided into sections: 'Telephone' with dialing instructions, 'Questions' with a text input field and a 'Send' button, and a footer with webinar details.

GoToWebinar

Agenda

- Background: Why this matters
- Overview of PHC policy
- Peer sharing from guest speakers
- PHC and community Resources
- Q&A

Background

The death rate from opioid overdose has quadrupled in the U.S. in the last decade

- **15,000**

Nearly 15,000 people die every year of overdoses involving prescription painkillers.

- **1 in 20**

In 2010, 1 in 20 people in the US (age 12 or older) reported using prescription painkillers for nonmedical reasons in the past year.

- **1 Month**

Enough prescription painkillers were prescribed in 2010 to medicate every American adult around-the-clock for a month.

CDC Statistics (2008)

For every **1** death there are...

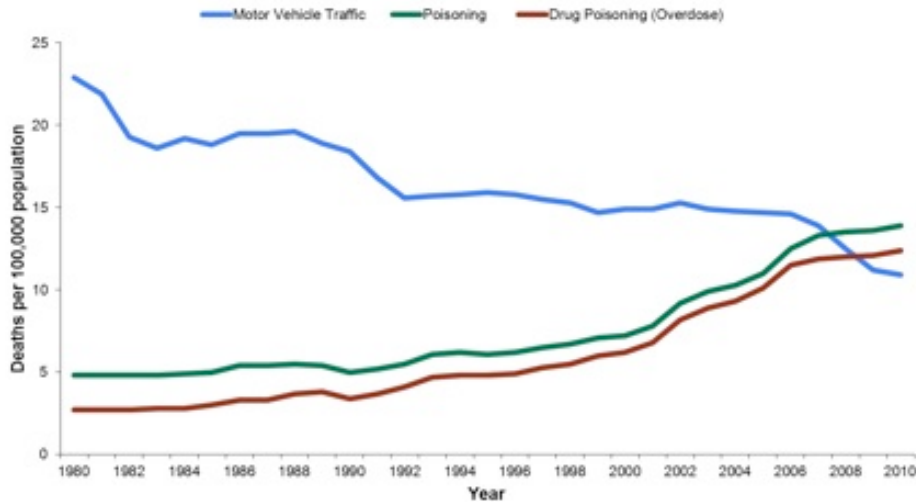

10 treatment admissions for abuse⁹

32 emergency dept visits for misuse or abuse⁶

130 people who abuse or are dependent⁷

825 nonmedical users⁷

Deaths due to prescription Opioid overdose

U.S. Drug Overdose deaths surpass Motor Vehicle deaths

Mortality Increase due to Opioids

PHC's Managing Pain Safely Initiative

Goal – To optimize the use of medication and other modalities so that pain is treated appropriately, depending on the needs of the patient, informed by current medical science

Interventions

- Education
- HealthPlan Pharmacy Prior Authorization Changes
- Additional options for treating pain
- Community activation
- Aligned incentives

Inte

PHC Prior Authorization Policy

October, 2014: Medical Justification required for dose escalation for patients on high dose of opioids

Early March, 2015: Mailed lists of patients on >120mg MED to prescribers and requested providers to fill out opioid treatment explanation for each patient. Promoted creation of local pain medication oversight committees.

April, 2015: if no opioid treatment explanation or care plan is received on refill request for high doses of opioids (>120mg MED), PHC pharmacy staff will evaluate pattern of opioid use in the last 3 months. If dose stable will send patient-specific inquiry requesting medical justification for continued, prolonged use of high dose opioids.

June, 2015: PHC's Pain Medication Oversight Committee first meets to review submitted cases

Pain Medication Oversight Committee

- Purpose
- Composition
- Reasons for Referral
- Standards for materials submitted for review
- Standards of decision making

Questions?

If you have a question or would like to share your comments, please

- Type your question in the “question” box, or
- Click the “raise your hand” icon

The screenshot displays a GoToWebinar interface with two main panels. The top panel, titled "Audio", shows dialing information: "Dial: 1 877 309 2071", "Access Code: 663-517-924", and "Audio PIN: 7". A red banner below this text reads "If you're already on the call, press #7# now." and includes a link for "Problem dialing in?". The bottom panel, titled "Questions", features a large text input area with the placeholder "[Enter a question for staff]" and a "Send" button. A vertical toolbar on the left side of the interface contains several icons, including a "raise your hand" icon (a hand with a green up arrow) which is highlighted by a yellow arrow. A green arrow points to the "Send" button in the Questions panel.
