

Medi-Cal Rx Transition Web Portal and Training

October 15, 2020

Medi-Cal Pharmacy Benefits (Medi-Cal Rx) will be administered through the Fee-For-Service (FFS) delivery system no earlier than April 1, 2021. It is important for all pharmacy providers and prescribers to register on the Medi-Cal Rx Web Portal. All providers can access the registration process via the User Administration Console (UAC) application at <https://medi-calrx.dhcs.ca.gov/home/>.

Training and Education:

The state will be providing education to providers, pharmacies and prescribers. The Medi-Cal Rx website (<https://medi-calrx.dhcs.ca.gov/home>) has more detailed information on the program including an overview, the pharmacy transition policy and a provider-training schedule.

The Medi-Cal Rx Web Portal will be where providers/prescribers access Prior Authorizations, the chat and messaging system, an Rx search tool and where they will have access to their web/batch claims submission.

All Medi-Cal Rx providers, including pharmacies, prescribers, and their staff, will need to complete a registration process to access the Learning Management System (LMS), Saba. All education and outreach events will be posted in a calendar on the Saba LMS, and providers will have the ability to enroll in web-based instructor-led or computer-based training.

New Users:

Please note that each organization should assign an employee as the *Delegated Administrator*, a single point of contact to manage employee access to the secure Medi-Cal Rx Web Portal. The *Delegated Administrator* will need to register and create a single User ID and Password to become the *Delegated Administrator* for one or more pharmacy providers or prescribers.
