

Telehealth COVID-19 Provider Webinar

In response to the COVID-19 pandemic and the necessary practice of “social distancing”, Partnership HealthPlan of California (PHC) has agreed to reimburse providers at the same rate for telehealth visits, when medically necessary. This allows our members to continue to have access to necessary medical care. This webinar will allow us to review the benefit as well as recent telehealth updates from the Department of Health Care Services (DHCS) and the opportunity to share information and answer questions.

To help with facilitation of the webinar, please [submit any questions you may have by April 27 to esystemssupport@partnershiphp.org](mailto:esystemssupport@partnershiphp.org). We will do our best to answer your questions and will email a Q/A document to all attendees after the webinar.
