3. Return the Primary Care Selection Form to PHC using the enclosed postage paid return envelope.

4. You can access some Medi-Cal benefits without an authorization from your PCP. Please refer to your Member Handbook or call the PHC Member Services Department for more information about these services.

5. Some hospitals and/or primary care providers may not provide one or more of the following services that are covered benefits: family planning contraceptive services, including emergency contraception; sterilization, including tubal ligation or abortion. You can obtain more information about these services before you choose your PCP by calling your prospective primary care provider or by calling the PHC’s Member Services Department at (800)863-4155. TTY Users: Call the California Relay Service at (800) 735-2929 or call 711.

6. Members are encouraged to pick a Primary Care Provider (PCP) that is closest to their home. However, members can choose any PCP in their County that is available in this Provider Directory.

7. The telephone number listed under each site in this directory is the same number to call after normal business hours.

If you need help filling out the Primary Care Selection Form or if you have any questions about choosing a primary care provider, please call our Member Services Department at (800) 863-4155. TTY Users: Call the California Relay Service at (800) 735-2929 or call 711.

Your PCP will give you a referral to send you to a specialist if you need one. A specialist is a doctor who has extra education in one area of medicine. Your PCP will work with you to choose a specialist.

For some types of care, your PCP or specialist will need to ask for approval before you get the care. This is called prior authorization or pre-approval. It means that PHC agrees that the care is medically necessary.

If you have any questions concerning handicapped accessibility, please call our Member Services Department at (800) 863-4155. TTY Users: Call the California Relay Service at (800) 735-2929 or call 711.

Board certification means the physician completed additional education and training in an area of medicine and passed an examination that certifies he or she has expertise in this area. This information is checked with the American Board of Medical Specialties (ABMS) or other boards when providers complete their application to join PHC and every three years after that. We also check this information every year by asking providers to tell us if the information is still correct. If you would like updated information about a provider’s board certification, visit the ABMS website at www.abms.org. Then click on the “Is Your Doctor Certified?” link.

The intent is that members can get in and around offices safely and without help from others. These codes are not yet listed for all providers. If you do not see these codes listed under a certain provider’s name, just call the office. You can ask if they have the type of access that you need.
