

**PARTNERSHIP HEALTHPLAN OF CALIFORNIA  
MEDI-CAL PROVIDER MANUAL  
CLAIMS DEPARTMENT**

**X.J. Mental Health Services**

1. For claims with dates of service on or before January 1, 2014:

Mental Health Services are carved out of the PHC contract with the State of California for all counties.

Medi-Cal mental health services are divided into three areas of financial responsibility.

- PHC is responsible for medical services
- Individual county is responsible for Medi-Cal mental health services
- The State of California is responsible for selected mental health services not the responsibility of either PHC or the County.

Please see Attachment A for an outline of the responsibility matrix by mental health service.

2. For Claims with dates of service on or after January 1, 2014:

Effective January 1, 2014, the State of California added a new mental health benefit for Medi-Cal members. The new benefit bridges the gap in services between the services provided by a members Primary Care Provider (PCP) and the services provided by the County Specialty mental health.

Those members with a mild to moderate impairment in functioning can now be referred by their PCP or may self refer for screening and treatment. PHC has contracted with Beacon Health Strategies administer the new benefit for PHC members. See Section 3, Subsection X.J.Attachment B for billing information.

Please see Attachment B for an outline of responsibilities matrix by Mental Health Service.
