

## 2020-21 Hospital QIP Measurement Set

Large hospitals ( $\geq 50$  general acute beds) and Small hospitals ( $< 50$  general acute beds) report on measures as indicated below. Each hospital may earn up to 100 points.

Measure/Requirement	Target	Points Small/Large		
<b>HIE and EDIE Interface</b>	All hospitals must complete Admission, Discharge, and Transfer (ADT) interface with a community HIE and EDIE interface by the end of MY.	Required for large and small hospitals		
<b>Delegation Reporting</b>	Capitated hospitals must submit a written Utilization Program Structure, and must submit timely and correct delegation reports (as outlined in delegation agreement): <ul style="list-style-type: none"> <li>Timely submission <math>\geq 90.0\%</math> of reporting requirements for 100% of incentive.</li> <li>Timely submission <math>\geq 75.0\%</math> and <math>&lt; 90.0\%</math> of reporting requirements for 10% cut from incentive.</li> <li>Timely submission <math>&lt; 75.0\%</math> of reporting requirements for 20% cut from incentive.</li> </ul>	Required reporting for large and small hospitals		
<b>1. Risk Adjusted Readmissions Rate</b>	<ul style="list-style-type: none"> <li>Full Points <math>&lt; 1.0</math> Full Points</li> <li><math>\geq 1.0 - 1.2</math> for Partial Points</li> </ul>	20/20		
<b>2. Palliative Care Capacity</b>	<table border="0"> <tr> <td style="vertical-align: top;"> <p>Hospitals <math>&lt; 50</math> beds:</p> <ul style="list-style-type: none"> <li>Hospital <math>&lt; 50</math> beds: One Physician Champion, one trained* Licensed Clinical Social Worker or trained* Licensed RN, NP, or PA, and availability of consultation with Palliative Care Physician.</li> </ul> </td> <td style="vertical-align: top;"> <p>Hospitals <math>\geq 100</math> beds</p> <p>Require Palliative Care Quality Collaborative (PCQC) participation:</p> <ul style="list-style-type: none"> <li>Report summarizing # of Palliative Care Consults per month</li> <li>Rate of all consults who have completed Advance Directive</li> <li>Rate of all consults who have a signed POLST on the chart</li> </ul> <p>Option for 50-99 bed Hospital. At least two trained* Licensed Clinician (RN, NP, or PA), and availability of consultation with a Palliative Care Physician.</p> </td> </tr> </table>	<p>Hospitals <math>&lt; 50</math> beds:</p> <ul style="list-style-type: none"> <li>Hospital <math>&lt; 50</math> beds: One Physician Champion, one trained* Licensed Clinical Social Worker or trained* Licensed RN, NP, or PA, and availability of consultation with Palliative Care Physician.</li> </ul>	<p>Hospitals <math>\geq 100</math> beds</p> <p>Require Palliative Care Quality Collaborative (PCQC) participation:</p> <ul style="list-style-type: none"> <li>Report summarizing # of Palliative Care Consults per month</li> <li>Rate of all consults who have completed Advance Directive</li> <li>Rate of all consults who have a signed POLST on the chart</li> </ul> <p>Option for 50-99 bed Hospital. At least two trained* Licensed Clinician (RN, NP, or PA), and availability of consultation with a Palliative Care Physician.</p>	5/10
<p>Hospitals <math>&lt; 50</math> beds:</p> <ul style="list-style-type: none"> <li>Hospital <math>&lt; 50</math> beds: One Physician Champion, one trained* Licensed Clinical Social Worker or trained* Licensed RN, NP, or PA, and availability of consultation with Palliative Care Physician.</li> </ul>	<p>Hospitals <math>\geq 100</math> beds</p> <p>Require Palliative Care Quality Collaborative (PCQC) participation:</p> <ul style="list-style-type: none"> <li>Report summarizing # of Palliative Care Consults per month</li> <li>Rate of all consults who have completed Advance Directive</li> <li>Rate of all consults who have a signed POLST on the chart</li> </ul> <p>Option for 50-99 bed Hospital. At least two trained* Licensed Clinician (RN, NP, or PA), and availability of consultation with a Palliative Care Physician.</p>			
<b>3. Rate of Elective Delivery (Reporting via CMQCC)</b>	All hospitals with maternity services. Excluded for non-maternity hospitals. <ul style="list-style-type: none"> <li>Full Points: <math>\leq 1.0\%</math></li> <li>Half Points: <math>&gt; 1.0\% - 2.0\%</math></li> </ul>	5/5		

<b>4. Exclusive Breast Milk Feeding (Reporting via CMQCC)</b>	All hospitals with maternity services. Excluded for non-maternity hospitals. <ul style="list-style-type: none"> <li>• Full Points: <math>\geq 75.0\%</math></li> <li>• Half Points: <math>70.0\% - &lt; 75.0\%</math></li> </ul>		5/5
<b>5. NTSV Cesarean Rate (Reporting via CMQCC)</b>	All hospitals with maternity services. Excluded for non-maternity hospitals. <ul style="list-style-type: none"> <li>• Full Points: <math>&lt; 21.7\%</math></li> <li>• Half Points: <math>22.0\% - 23.6\%</math></li> </ul>		10/10
<b>6. CHPSO Patient Safety Organization Participation</b>	Small Hospitals (<50 beds): <ul style="list-style-type: none"> <li>• Participation in at least <u>1</u> Safe Table Forum</li> <li>• Submission of <u>50</u> patient safety events to CHPSO</li> </ul>	Large Hospitals (>50 beds): <ul style="list-style-type: none"> <li>• Participation in at least <u>4</u> Safe Table Forums</li> <li>• Submission of <u>100</u> patient safety events to CHPSO</li> </ul>	10/5
<b>7. QI Capacity</b>	Small hospitals (< 50 beds): <ul style="list-style-type: none"> <li>• Full points for attending the Hospital Quality Symposium in 2021</li> </ul> Large Hospitals ( $\geq 50$ beds): <ul style="list-style-type: none"> <li>• Full points for attending the Hospital Quality Symposium in 2021</li> </ul>		5/5
<b>8. Hepatitis B Vaccination/ CAIR Utilization</b>	All hospitals with maternity services. Excluded for non-maternity hospitals. <p>Target Option 1: Full Points <math>&gt; 20\%</math>, Partial 10-20%</p> <p><u>Option 1: Hospital with maternity services</u></p> <ul style="list-style-type: none"> <li>• Numerator: # of newborn Hepatitis B vaccinations documented in CAIR</li> <li>• Denominator: newborn hospital births occurring between July 1, 2020 – June 30, 2021</li> </ul> <p>Target Option 2: Full Points Ratio <math>&gt; 1.20</math>, Partial Points Ratio 0.20 to 1.20</p> <p><u>Option 2: Hospital without maternity services</u></p> <ul style="list-style-type: none"> <li>• Numerator: # of vaccines documented in CAIR from July 1, 2020 - June 30, 2021</li> <li>• Denominator # of licensed acute inpatient beds</li> </ul>		10/10
<b>9. Substance Use Disorder</b>	All hospitals <ul style="list-style-type: none"> <li>• PHC members started on Medication Assisted Treatment (MAT) in the ED or Inpatient setting</li> </ul> PHC Members: <ul style="list-style-type: none"> <li>○ Small Hospitals &lt; 50 Beds: <math>\geq 2</math> PHC Members</li> <li>○ Large Hospitals <math>\geq 50</math> beds: <math>\geq 5</math> PHC Members</li> </ul>		10/10

<b>10. Cal Hospital Compare – Patient Experience</b>	All Hospitals Target: <ul style="list-style-type: none"> <li>• Patient Experience average subcategory scores compared to average score for California hospitals</li> </ul> Full points: <ul style="list-style-type: none"> <li>• If [individual hospital composite score] is greater than [Average California Hospital score * 0.95]</li> </ul>	10/10
<b>11. Health Equity</b>	All Hospitals Small hospitals (< 50 beds): <ul style="list-style-type: none"> <li>• Submission of hospital plan (best practice) for addressing health equity</li> </ul> Large Hospitals (≥ 50 Beds): <ul style="list-style-type: none"> <li>• Submission of hospital plan (best practice) for addressing health equity</li> </ul>	5/5
<b>12. Sexual Orientation/ Gender Identity (SOGI) in EHR</b>	All Hospitals Small Hospital (< 50 beds): <ul style="list-style-type: none"> <li>• Submission of implementation plan over a 12-month period, or screenshot of existing SO/GI in EHR</li> </ul> Large Hospital (≥ 50 beds): <ul style="list-style-type: none"> <li>• Submission of implementation plan over a 12-month period, or screenshot of existing SO/GI in EHR</li> </ul>	5/5

\*Training must total 4 CE or CME hours. Training options include [ELNEC](#), [EPEC](#), or the [CSU Institute for Palliative Care](#)
