

## Accelerated Learning Education Program: Child and Adolescent Well-Care Visits (3 - 17 years)

### Date and Time:

**Tuesday, July 27, 2021, noon - 1 p.m.**

### Registration:

<https://partnershiphp.webex.com/partnershiphp/onstage/g.php?MTID=e1ba734c4abc28a671bad16104138f0b9>

**Target Audience:** Clinicians, practice managers, quality improvement teams, and staff who are responsible for participating and leading quality improvement efforts within their organization.

This learning session will cover Partnership HealthPlan of California's Primary Care Provider Quality Incentive Program measures.

### Objectives:

- Understand clinical background, specifications, and performance threshold definitions of the PCP QIP *Child and Adolescent Well-Care Visits* and *Immunizations for Adolescents* measures.
- Apply documentation requirements, including telehealth, to maximize measure performance adherence in the delivery of child and adolescent well-care visits and immunizations of adolescent clinical services.
- Ensure that the two additional indicators, Counseling for Nutrition for Children/Adolescents and Counseling for Physical Activity for Children/Adolescents, are documented in the Child and Adolescent Well-Care Visits assessment.
- Identify best and promising practices that can be used to address clinical process, interpersonal communication, education, outreach, and technical barriers to improve child and adolescent well-care visits and immunizations for adolescents.
