MEMORANDUM OF UNDERSTANDING
BETWEEN
PARTNERSHIP HEALTHPLAN OF
CALIFORNIA MEDI-CAL MANAGED CARE
PLANS AND
COUNTY OF PLACER CALIFORNIA CHILDRENS SERVICES (CCS) WHOLE
CHILD MODEL PROGRAM

I. BACKGROUND

The California Children's Services (CCS) Program provides diagnostic and treatment services, medical case management, and physical and occupational therapy services to children under age 21 with CCS eligible medical conditions. The CCS Program is administered as a partnership between the California Department of Health Care Services (DHCS), County health departments, Regional Health Authority (RHA), alternate health care service plan (AHCSP), and some County Organized Health Systems (COHS) plans. Health and Safety Code (H&S Code), Section 123800 et seq. is the enabling statute for the CCS Program. The explicit legislative intent of the CCS Program is to provide Medically Necessary services for CCS-eligible children. The statute also requires that DHCS and the County cooperate with local public or private agencies and providers of medical care to proactively identify and enroll CCS eligible children.

Senate Bill (SB) 586 (Chapter 625, Statutes of 2016) authorized DHCS to establish the Whole Child Model (WCM) for Medi-Cal eligible CCS children enrolled in a MCP that is a COHS or Regional Health Authority, within designated counties. WCM incorporates CCS covered services for certain Medi-Cal eligible CCS children into the applicable MCP Contract. Additionally, under the WCM, responsibility for the CCS case management, care coordination, provider referral, and service authorization functions move from the County to the WCM MCP. Assembly Bill (AB) 2724 (Chapter 73, Statutes of 2022) added a new section to define an AHCSP and to authorize DHCS to enter into one or more comprehensive risk contracts with an AHCSP as a primary MCP in specified geographic areas effective January 1, 2024. AB 118 (Chapter 42, Statutes of 2023) authorizes the expansion of the WCM program for Medi-Cal eligible CCS children

and youth enrolled in a MCP served by a COHS, AHCS, or RHA, into 12 additional counties no sooner than January 1, 2025.

The medical conditions covered by the CCS Program are outlined and authorized in California Code of Regulations (CCR), title 22, sections 41401 - 41518.9. These regulations are further clarified by CCS Numbered Letters (NLs).

II. PURPOSE

The purpose of this Memorandum of Understanding (MOU) between **COUNTY OF PLACER** (County) and **Partnership HealthPlan of California** (MCP) ("Parties", collectively) is to identify each party's responsibilities and obligations to each other in accordance with and based on H&S Code section 123800 et seq., statutory requirements related to administration of the CCS Program by local county programs, the MCP's respective contract with DHCS, and all other applicable authorities. This MOU outlines the respective roles of the County and the MCP to coordinate care, conduct administrative activities, and engage in information exchange activities required for the effective and seamless delivery of CCS services to CCS eligible Members. This MOU is a binding contractual agreement.

The County and/or DHCS will retain all administrative responsibilities of case management, care coordination, provider referral, and service authorization functions of the CCS Program as it pertains to CCS State-only Members or Members that are currently in Fee for Service Medi-Cal.

If the MCP or County modifies any of the provisions of the MOU Template, the MCP must submit a redlined version of the MOU to DHCS for review and approval, prior to execution. If the MOU is not modified, the fully executed MOU needs to be submitted to the Managed Care Operations Division contract manager for file only. The template includes language that the parties may want to add, notated in italics, to their MOUs to increase collaboration and communications; the proposed language is not exhaustive.

The Parties must review the MOU annually thereafter to determine whether any modifications, amendments, updates, or renewals of responsibilities and obligations outlined within are required. The MCP must provide evidence to DHCS of the annual review of MOU as well as copies of any MOU modified or renewed as a result. The evidence of the annual review described in the annual report must include a summary of the review process and outcomes, and any resulting amendments to the MOU or existing policies and procedures.
