Lulu Zhang said another idea would be for one CAC member from each county meet remotely for about an hour each week to discuss issues or obstacles they are experiencing in their particular county. They can then bring back all the information and share with the CAC the most frequently mentioned problems. William Remak said it would be an added resource to add CAC information to Partnership’s Website.</p> <p>Cyress Mendiola thanked everyone for their excitement, energy, and feedback regarding this topic.</p>

<p>12) Health Disparity Data Review (continued) <i>Time: 15 minutes</i> <i>Speaker: Dr. Mohamed Jalloh, Pharm.D.</i></p>	<p>Wendy Longwell said she would like to see more training around disability awareness. Another concern is when someone has a memory disability.
