Important Provider Notice: #490

Subject: New Partnership Benefit – OTC Compression Garments – Effective for Service Dates On and After October 1, 2024

This is to inform providers and their billing staff of the new Partnership benefit for over the counter (OTC) compression garments. Procedure code A6593 may be billed for over the counter compression garments and will be limited to two units every six months. Claims billed for greater than two units every six months will be denied for exceeding the service limitations. No prior authorization is required for this service and no invoice needs to be billed with the claim. A written physician prescription is required, but does not have to be attached to the claim. The maximum allowable for this code is \$50 per unit.

For further information regarding this, please contact the Partnership Claims Department at (707) 863-4130.
