Attention Providers

April 2024

Taxonomy codes for Billing Providers are required for ALL claim submissions. Taxonomy codes for Rendering Providers are required when submitting rendering provider information on claims. Please engage with your clearinghouse to ensure they are submitting claims with a valid taxonomy code.

Note: Claims submitted without a valid taxonomy for the billing or rendering provider will be rejected.

Taxonomy Codes: Claims billed electronically via 837P and 837I formats should follow instructions from Partnership’s professional and institutional companion guides for billing taxonomy codes.
