

Provider Webinar: 2025 Whole Child Model for CCS Members

August 2024

You are invited to a webinar for Partnership HealthPlan of California providers on the Whole Child Model (WCM) for members who receive California Children’s Services (CCS). The Department of Health Care Services will implement the WCM on January 1, 2025, in the 10 counties that joined Partnership at the start of 2024. Under WCM, Partnership will offer CCS services including care coordination and utilization management, as well as Medi-Cal benefits to all CCS-eligible children within our service area.

This webinar is an opportunity to provide information, address your questions, and discuss any concerns you might have. We also value your input and aim to ensure a smooth transition by keeping you well-informed and engaged throughout the process.

Target Audience:

Providers located in/or provide services to members in Butte, Colusa, Glenn, Nevada, Placer, Plumas, Sierra, Sutter, Tehama and Yuba County.

Whole Child Model for CCS-Eligible Members: An Informational Webinar for Partnership Providers
