**Target Audience:** Clinicians, practice managers, quality improvement teams, and staff who are responsible for participating and leading quality improvement efforts within their organization.

### Learning Objectives:

- Define the clinical background, specifications, and performance threshold definitions of the 2025 Primary Care Provider Quality Improvement Program Specifications: Child and Adolescent Well-Care Visits, Immunizations for Adolescents, Blood Lead Screening, and Topical Fluoride in Children measures.
- Apply measure specification requirements to maximize measure performance adherence in the delivery of child and adolescent well-care visits, blood lead screening, topical fluoride, and immunizations.
- Identify best and promising practices that can be used to address clinical workflows, improve interpersonal communication, member and staff education, eliminate barriers to access, improve outreach for under-resourced communities, and technical tips to improve child and adolescent well-care visits, screenings, and immunizations for adolescents, especially for patients from groups that have been historically, economically, or socially marginalized.
