2025 PCP QIP Specifications are available on our website: [Click Here](#)

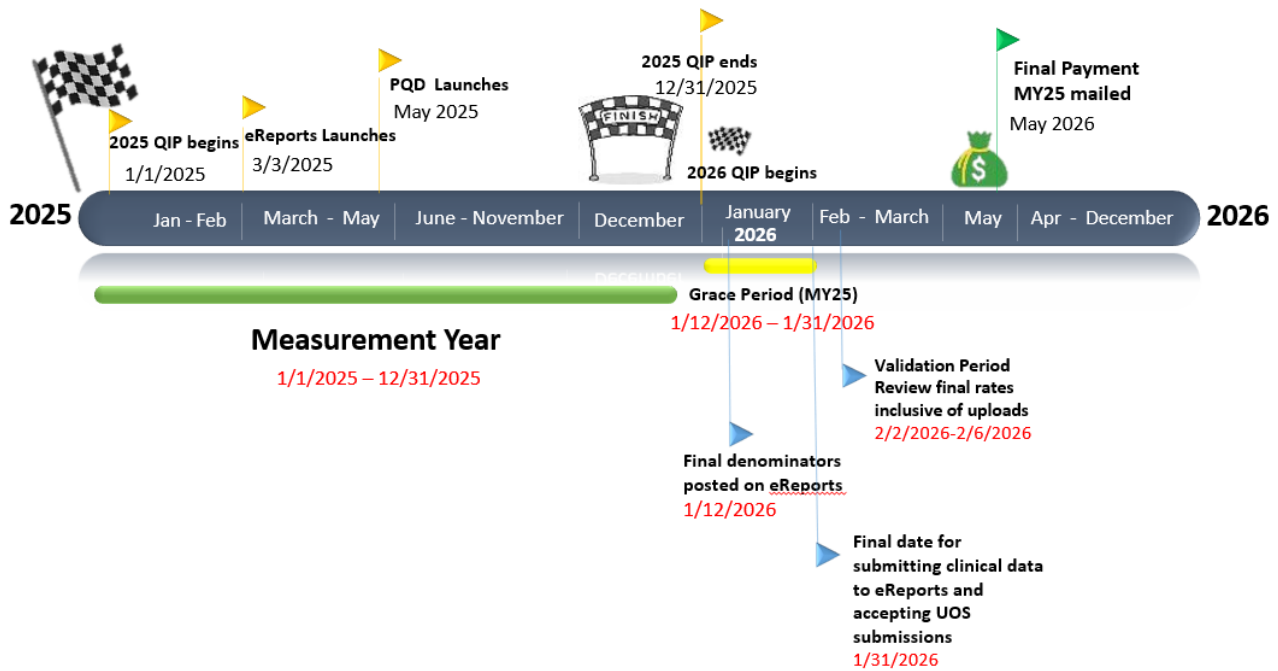

PLEASE NOTE: The website version of the PCP QIP specifications does not contain any proprietary language from HEDIS or NCQA. This language is included in our detailed specification document housed in eReports. Until 2025 eReports launches on March 3, 2025, please email the QIP team (qip@partnershiphp.org) so we can send them to you in a secure email.

Important Program Reminders and Updates:

- MY2025 PCP QIP Recorded Webinars, including **MY2025 PCP QIP Kick-Off, Reduction of Healthcare Disparity** and **eReports Kick-Off** are available via our [webpage](#).
- 2025 eReports launch – Monday, March 3, 2025.
- Partnership's new core claims system, Health Rules Payor (HRP), tentative go-live scheduled in Quarter 3 of 2025!
- PCP QIP Contacts – If you have not recently updated your organization/site's PCP QIP Primary contact information or if you would like to add staff to our distribution list, please reach out to our [QIP inbox](#).

Primary Care Provider Quality Improvement Newsletter

MY2025 PCP QIP Standard Timeline

MY2025 MEASURE CHANGES AND UPDATES:

Clinical Domain

- **New for Peds:**
 - Chlamydia Screening (16-20yo)
 - The purpose of this new clinical measure is to incentivize providers for completing at least one chlamydia test for members 16-20 years of age during the measurement year.
 - Well-Child Visits in the First 15-30 Months of Life
 - The purpose of this new clinical measure is to incentivize providers for completing two or more well child visits between the child's 15 month and one (1) day birthday and 30-month birthday for members who turn 30 months of age during the measurement year.
- **New for FP, IM, Peds:**
 - Reduction of Healthcare Disparity (Participation is optional)
 - The purpose of this new clinical measure is to incentivize providers to reduce disparity in a race/ethnicity group within an assigned measure of focus during the measurement year.

Primary Care Provider Quality Improvement Newsletter

- **New Monitoring Measures for FP & IM:**
 - Breast Cancer Screening (40-51yo)
 - The purpose of this new monitoring measure is to visualize the completion rate of mammograms for members 40-51 years of age on or between October 1, 2023, and December 31, 2025. The target is one or more mammograms per year.
 - Chlamydia Screening (FP: 16-24yo) (IM: 21-24yo)
 - The purpose of this new monitoring measure is to visualize the completion rate of chlamydia tests for members 16-24 years of age (FP) and 21-24 years of age (IM) during the measurement year. At least one test/member is the target.
- **New Monitoring Measures for FP:**
 - Well-Child Visits in the First 15-30 Months of Life
 - The purpose of this new monitoring measure is to visualize the completion of well child visits between the child's 15 month and one (1) day birthday and 30-month birthday for members who turn 30 months of age during the measurement year. The target is at least two visits annually.
- **New Monitoring Measures for Peds and FP:**
 - Topical Fluoride in Children
 - The purpose of this new monitoring measure is to visualize the completion rate of fluoride varnish applications in members 1-4 years of age during the measurement year. The target is at least two applications annually.

Non-Clinical Domain

- **Retired** from FP & IM – Risk Adjusted Readmission Rate (RAR)
 - Measure was retired due to the implementation of the new follow-up within seven days after Hospital Discharge measure.
- **New** for FP & IM – Follow-up within seven days after Hospital Discharge
 - The purpose of this new non-clinical measure is to incentivize providers to complete a clinical follow-up for members 18-64 years of age with a primary care provider, a hospital-based provider or specialist provider within seven days after discharge.
- **Change** for FP, IM & Peds – Patient Experience
 - Added links to measure resources and member benefits located on the PCP QIP webpage.
 - Added a second survey and results example focusing on the member experience directly with their personal doctor.

Unit of Service

- **New** for FP, IM & Peds – Academic Detailing
 - Providers can earn a \$2500 incentive for scheduling and hosting academic detailing meetings with Partnership's Pharmacy team.

Primary Care Provider Quality Improvement Newsletter

- **Change** from FP & Peds – Peer-Led Pediatric Group Visits
 - Expanded the qualifying pediatric well-child group visit to include both Well-Child Visits in the First 15 months of Life and Well-Child Visits in the First 15-30 Months of Life.
- **Retired** from FP & Peds – Dental Fluoride Varnish
 - Measure was retired due to the new monitoring Topical Fluoride in Children measure being added to the Core Measurement

Targets

- **Change** for FP, IM & Peds
 - Partial Points raised to the 75th Percentile
 - Full Points raised to the 90th Percentile
 - Colorectal Cancer Screening thresholds increased to the 50th percentile for partial points and the 75th percentile for full points
 - New measures are the exception and targets for full points are set at the 50th percentile. New measures are not eligible for partial points.
