

What is an eConsult?

Clinician to Clinician Consult

When a primary care provider consults with a specialist about a patient electronically instead of referring the patient for a face-to-face visit.

Quickly Meet the Changing Needs of Your Practice

ConferMED has expanded services to healthcare providers offering **immediate access to Specialty Care via eConsults.**

Easy to Use

ConferMED embeds eConsults within practice's current referral workflow, requires **no additional technology**, and requires **no additional work** from PCP.

Custom Set Up

ConferMED's team will **customize** the implementation of eConsults to your practice, **train** all of your staff, and provide ongoing **support**.

Advancing Primary Care

PCP Experience

- Keep more of your patients in primary care
- Get rapid guidance and answers to clinical questions from specialists
- Expand scope of practice
- Consult with our extensive network of board certified specialists in over forty specialties/subspecialties

Patient Experience

- Improve health outcomes through timely access to care
- Avoid unnecessary specialty visits
- Get more of your care in primary care with expedited guidance from specialist
- No out-of-pocket expense (to the patient)
- Avoid unnecessary travel and time off from work

Adult
